House Shiraz
House Rose
House Sparkling

NON ALCOHOLIC

Juice
Soft Drink
0% Beer

Organizers are welcome to limit what is included on a Limited or Consumption Tab.

LIMITED BAR TAB

The organizer sets a monetary limit for the bar tab and the tab will not be able to exceed this unless the organizer requests it.

CONSUMPTION BAR TAB

A consumption bar tab has no monetary limit and will continue to be active until either the organizer requests it to end, or the function concludes.

ARRIVAL DRINKS

If you wish to provide your guests with arrival drinks you can, and we have special drink tokens for this. We recommend the organizer hand these out to guests for them to then redeem them at the bar for arrival drinks. The organizer determines what the tokens are redeemable for.

CASH BAR

Meeting a minimum spend with a cash bar is only possible in private functions & not for rooftop booth bookings.

In a private function your guests can make their own drink purchases, and this can be tracked and contribute to your minimum spend.

If the guests do not spend enough and the overall spend is below the minimum spend, the organizer must pay the difference as a room hire.
